

## Instructions on Building Entry on Day 3 (Wednesday 03 July)

### Where is the UCL Roberts/Engineering Front Building?

Day 3 of the Symposium will take place at [Roberts/Engineering Front Building](#) of University College London (Address: Malet Place, London, WC1E 7JE). It is within a 6-minute walk from Euston Square Station (Circle line) or Goodge Street (Northern line) Station, but also walkable from other stations. You can use [Journey Planner](#) to plan your journey.

### How to enter the building?

Currently, restriction on entry to the campus is in place.

Please enter the building from the junction of Torrington Place and Malet Street.

Please bring your symposium name badge.

## Is there a car park at UCL?

Sorry, we are situated in the city centre and there is no car parking space.

## How can I bring my presentation file?

We recommend that you send/upload your presentation file in the same way as Day 2.

## Can I bring my luggage to UCL as I will go to an airport once it finishes?

Yes, you can bring. Luggage can be left at symposium venue in your own responsibility. As the venue is not spacious, if possible, it would be wise to keep your luggage in the hotel or somewhere.

## Is there any powerpoint in the room?

There are power points in the rooms, which you can use.

## I forgot to tell you my building access/ dietary requirements.

If you have not stated your requirements in the registration form, please send your requirements to [cege.transitdata@ucl.ac.uk](mailto:cege.transitdata@ucl.ac.uk).

For anything else, please drop emails to [cege.transitdata@ucl.ac.uk](mailto:cege.transitdata@ucl.ac.uk).
